Company Introduction

ETU-Link Technology Co., Ltd (ETU-Link)

ETU-Link Technology Co., Ltd (ETU-Link) A high-tech company founded by a group of experienced marketing & technical team, we are located in Shenzhen and focus on the Researching & Developing new products and technologies in Optical Transceiver field.

ETU-Link's Growth

Registered ETU Link
in Hong Kong

- 1500m² plant put into use;
- Apply for passing the national high-tech enterprise;
- Project approval, R & D and trial production of 100G QSFP28 products.

- Update new R&D and Sales center about 1600m²;
- Make plan for oversea Office.

- Expand R & D team
- Optimize 1.25G/10G series products

- 2000m² new plant put into use; 2000m²
- 100G QSFP28 product batch production;
- 200G and 400G market research.

◆ Company Strategy

➤ Our continual pursuit is win your moving!

“Advanced Technology” & “Quality products” as our innovative competitiveness.

Excellent service, competitive price, prompt delivery and development of new products are all details we perceive as staples in customer care.

Achieve mutual **win-win** situation between customers, employees, business.

Production Capacity

➤ Produce with efficient, high quality. Meet customers' needs, delivery in time.

ETU Team

80-100
workers

Production Capacity

70-100K

What Can We do for You?

Products and Services

- Optical modules
- DAC & AOC cable
- Patch Cord
- Accessory products

SFP Series

Data Rate

- Normal Rate: 155M, 1.25G, 2.5G
- Other rate: 622M, 4.25G
- Normal Wavelength: 850nm, 1310nm, 1550nm

Fiber Type

- Dual Fiber: Multi Mode is up to 2km, Single mode is up to 160km
- Single Fiber: SC & LC, up to 120km
- CWDM: LC, up to 160KM

Application

- Ethernet
- SDH/SONET

Optical modules

ETU-LINK

易天·光通信

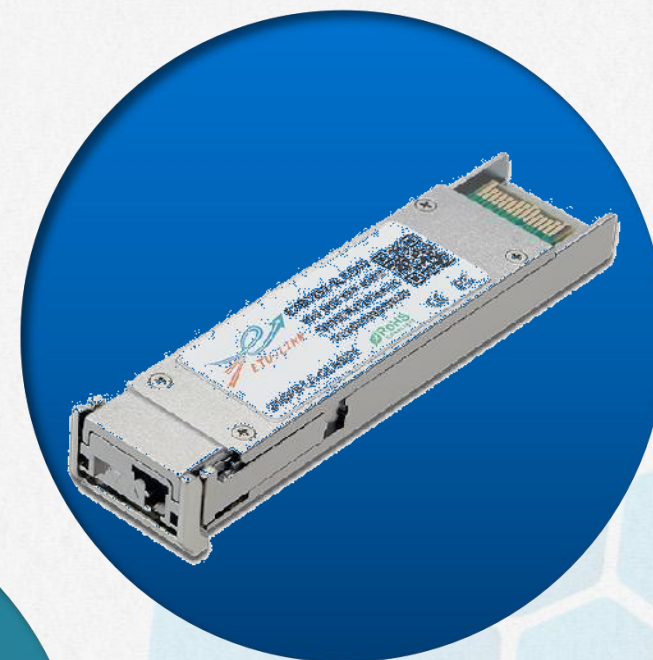

Data Rate

- Normal rate: 10G
- Other rate: 3G、6G、8G
- Normal wavelength: 850nm、1310nm、1550nm

Fiber Type

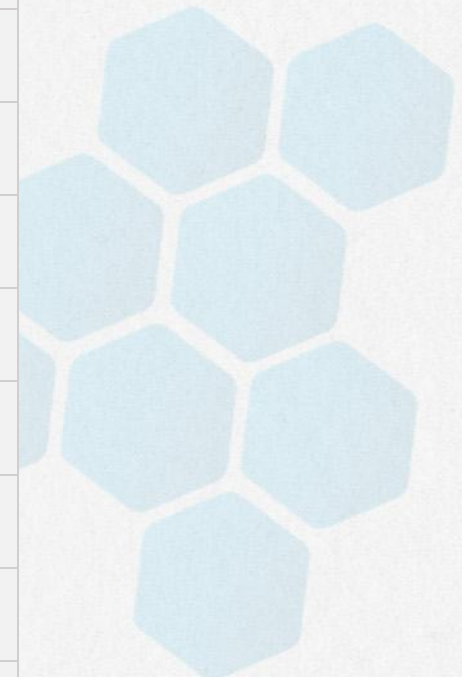

- Dual: MM 300M, SM 100km
- Single: LC, up to 80km
CWDM&DWDM

◆ Optical modules--Workshop Display

Specialty creates quality, innovation leads the future

Production department

- Process and assemble products according to the company's order requirements;
- 2000 m² automatic 10000 level dust-free workshop;
- Equipped with a variety of fully automated production equipment;
- The monthly production capacity is up to 70 ~ 100k.

◆ Workshop Display---DAC cable

The monthly production capacity is up to 80-100k.

◆ Workshop Display

New imported automation equipment

The workshop adopts all kinds of new automatic imported equipment such as laser spot welding, automatic coupling and full-automatic welding to ensure that every product produced is qualified.

Sales Area

In the highly competitive shenzhen city, by high quality, professional services, win the trust and support of customers, has obtained the steady development of space.

International Market

Our customers covers all over the world, including:

North America: the United States, Canada ;

EU: Germany, Sweden, New Zealand, France, the Czech Republic, the United Kingdom, Slovenia, Russia, Ukraine ;

South America: Honduras, Argentina, Brazil ;

Asia: Singapore, Malaysia, Thailand, India, Viet Nam etc.
